

## **Those Hacking Russkies**

How do we sort out the news?

Positive speeches from the DNC, Hillary and Bernie making nice and we find out the Russkies feel like they have a stake in our election. Seems like the DNC mail server hack originated in Russia, and one can only wonder if the Donald asked his old friend "Mad Dog" Putin to do him a solid and see if he could dig up any dirt on Hillary.

Meantime, the Donald won't reveal his tax returns which would certainly reveal the source of the money he's used to build his empire. Would there be sweet irony in Trump's run for the presidency ending in a charge of treason?
